

## EMAIL FLOW OF OPTIMIZER

### Objective:

This document explains the parts of the App where user email and [no-reply.optimizer@xmedia.com](mailto:no-reply.optimizer@xmedia.com) is used. It also explains how user registration, user verification and forgot password functionality works.

### USE CASE 1 (User Registration):

1. As soon as user comes to optimizer web app. He will see the login page and option to register. Once he clicks on Register, This page will be shown to him and he can register with this XM email address.

The screenshot shows the 'Outcomes Optimizer' registration form. The form includes fields for Username\*, Email\*, Role\*, Company\*, Password\*, and Password confirmation\*. The Email\* field is highlighted with a red rectangle, and a callout box points to it with the text: 'User will enter his actual XM email address here . Upon successful registration , This email has to be verified'. Below the Password\* field, there are four bullet points: 'Your password can't be too similar to your other personal information.', 'Your password must contain at least 8 characters.', 'Your password can't be a commonly used password.', and 'Your password can't be entirely numeric.'. The Password confirmation\* field has a note: 'Enter the same password as before, for verification.'. At the bottom, there is a 'Sign Up' button and a link: 'Already Have An Account? [Sign In](#)'.

2. An email will be sent out to user for his/her verification. This email will come from [no-reply.optimizer@xmedia.com](mailto:no-reply.optimizer@xmedia.com) .

**USE CASE 2 (Forgot Password ) :**

1. In case user forgets the password. Then user can reset his password via forgot password page.

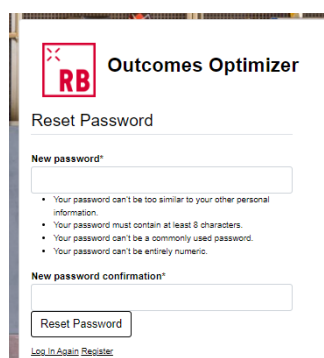

The screenshot shows the 'Outcomes Optimizer' logo at the top left, consisting of a red square with 'RB' and a starburst. To the right of the logo is the text 'Outcomes Optimizer'. Below the logo is the heading 'Reset Password'. Underneath is an 'Email\*' input field. At the bottom, there is a 'Request Password Reset' button and a link that says 'Log In Again Register'.

2. User will receive the email to reset his/her password if above mentioned email address is correct and registered on app. If the email is not registered on app, user will not get any email .

3. Here user can reset the password.

The screenshot shows the 'Outcomes Optimizer' logo and the text 'Reset Password'. Below the logo is the heading 'Reset Password'. Underneath is a 'New password\*' input field. Below this is a list of password requirements: 'Your password can't be too similar to your other personal information.', 'Your password must contain at least 8 characters.', 'Your password can't be a commonly used password.', and 'Your password can't be entirely numeric.'. Below the list is a 'New password confirmation\*' input field. At the bottom, there is a 'Reset Password' button and a link that says 'Log In Again Register'.
